RISE AWARD INFORMATION

“Fostering and promoting a philanthropic company culture where employees are proud to RISE up and help make a difference in local communities”

Purpose:

The RISE Award was founded in 2019 by Revolution Technologies, LLC in tribute to founder and CEO, Mr. Ted Parker. As an avid believer in giving back to his community, Ted has spearheaded many initiatives and helped various local charitable organizations, ultimately strengthening our neighborhood and helping to improve the lives of those in our community. His passion for giving back has become a core part of what we do at Revolution every day and now we are honored to give others an opportunity to showcase their contributions as well as reward our workforce for their own community involvement. The RISE Award for community service is based on volunteer performance, leadership potential, and participation in one or many local community engagement initiatives.
